## New Zealand Environmental Care Code

### Your 10 point checklist

- **Protect plants and animals:** Treat New Zealand's forest and birds with care and respect. They are unique and often rare.
- **Remove rubbish:** Litter is unattractive, harmful to wildlife and can increase vermin and disease. Plan your visits to reduce rubbish, and carry out what you carry in.
- **Stay on established tracks and use existing facilities:** By using existing facilities, where these are provide, you run less chance of disturbing wildlife and damaging riverbanks and foreshores.
- **Keep to the track:** By keeping to the track, where one exists, you lessen the chance of damaging fragile plants.
- **Consider plants and animals:** Remember we are only visitors to water environments. Other animal and plant species live there all the time.
- **Respect our cultural heritage:** Many places in New Zealand have a spiritual and historical significance. Treat these places with consideration and respect.
- **Enjoy your visit:** Enjoy your outdoor experience. Take a last look before leaving an area; will the next visitor know that you have been there?
- **Consider others:** People visit the back country and rural areas for many reasons. Be considerate of other visitors who also have a right to enjoy the natural environment.
- **Find out first:** Find out and follow the regulations governing recreational use of waterways and access.
- **Protect the environment:** For your own sake, for the sake of others including those who come after you, and for the environment itself.
